GODSHILL PARISH COUNCIL

Minutes of the Ordinary Meeting of the Parish Council held on Tuesday 10th August 2021 at 7.30 pm.

Present:

Cllr Fell – Chairman

Cllr Cakebread

Cllr O'Brien

Cllr Williams

Mrs Bev Cornish – Clerk

Four members of the public

County Councillor Edward Heron: Cllr Heron gave a brief update on the highways works in Woodgreen Road. He responded to a resident stating that their knowledge of the drains was important local information which the engineers would find useful.

Cllr Heron also gave a brief update on the County Council's finances and the budgets for next year. He said that he had never been through such a difficult period and the Council would need to make another £80 million in savings in addition to the £720 million saved over the last 11 years.

The Chairman and resident expressed concerns about the delays in getting the work finished in Woodgreen Road and the lack of advanced information provided to residents before the work started. Cllr Fell said that a simple and quick email to the Clerk to inform the Council of the proposed closure would have ensured that residents were kept informed.

Following a question from a resident about speeding and the potential for the B3078 to be closed altogether, Cllr Heron said that this would not be possible. However, he said he was more confident that there was the will to install average speed cameras by Hampshire Police. He said he had recently noticed a step change in their responses to the requests for action to be taken.

District Councillor Emma Lane: Cllr Lane gave a brief report on New Forest District Council matters. She said that the Council had appointed a new Chief Executive, Kate Ryan, who has been the Chief Operating Officer at BCP Council. She also said that the Council had restarted garden waste collections on a monthly basis.

Litter Warden:

Mrs Boyd said that there was not very much to report.

Public Session:

A member of the public raised the issue of the continued use of power tools at Sandy Balls and the noise from a recent festival which could be heard some distance from the holiday centre.

Cllr Heron said that all of NFDC's grounds staff use electric power tools and he would be happy to share contact details with the General Manager at Sandy Balls so that he could obtain more information on the equipment used.

76.21 Business Raised During Public Question Time

Cllr Fell advised that he and Cllr Woodward would be meeting with the General Manager at Sandy Balls and would raise the power tools issue again as well as the concerns about how far the noise projects across the village when loud music is played in the main square.

77.21 Chairman's Announcements

The Chairman made a brief announcement on the matter of overgrown hedges which was raised at the previous meeting. He said that he wished to confirm that the information initially received by a councillor from a long standing resident about the history of the particular hedges by the eastern pinch point in the Southampton Road was factually incorrect. It had been proven through information from other long standing residents that there never was a verge between the hedges and the pavement, daffodils were planted into the hedge itself and therefore there has been no encroachment of the hedges over the pavement. He asked that the correct information be relayed to those who both provided it or are in possession of the factually incorrect information to avoid any future confusion. He also said that he regretted any distress caused and he was aware that the Clerk had included an item on hedge cutting in the Council's recent Newsletter.

78.21 Apologies

The Clerk reported that apologies had been received Cllrs Woodward due to holiday and Cllrs Pomphrey and Phillips due to personal commitments. Cllr Fell proposed from the Chair and it was RESOLVED that the apologies and the reasons for them be accepted.

67.21 Police & Crime Commissioner: Before the Clerk was able to write, the Chairman received the following response to his email on illegal encampments as follows:

'I am sorry to hear that you have had issues with travellers camping on Godshill Cricket Pitch. Please be assured this is a matter the Police and Crime Commissioner takes very seriously and tackling illegal encampments will be a priority in the Police and Crime Plan. The Commissioner will be challenging the Constabulary to take swift and appropriate response, and also wants to see firm action taken, not only by the Police but also by Councils, Partners and the Courts. The PCC believes that tackling illegal encampments needs a more coordinated approach to solving difficult and complex community problems that cannot be solved by the Police alone.

I can also advise that the new Police Crime Courts Sentencing Bill (currently going through Parliament) is due to strengthen the law about illegal encampments meaning that anyone residing in a vehicle overnight on land they don't have a legal right to be, can be moved on within 24 hours'.
